

## Japanese Auto Extravaganza 2006

Thank you for your recent booking for this year's JAE, it will be great to see you there and we hope you have a good time at this year's event.

You can set up from Friday afternoon and our staff will be on hand to help if you need anything. Gates open again for your members from 6am on Saturday and again at 6am on Sunday. Please let people know this because, whilst we're happy to let people in during the middle of the night we would rather not cause too much of a disturbance to our neighbours.

We enclose your **Show n Shine** entry forms. Please make sure these are handed in 2 hours before the competition for your manufacturer (or Classic). Winners and placed cars on Saturday's competition will be required for the display on Sunday. So, if one of your team wins you'd better get polishing for Sunday! All Show Cars for Sunday will need to be in place by 10am. If you want to help us judge this year's competition or one of your members wants to help, please let us know. The list of winners will be posted up in the Admin Centre immediately the competition finishes at 5:30pm

We enclose a **Flame Off** entry form. If you want more of these please contact Paul Nicola via his email: [flameoff@the-organisation.org](mailto:flameoff@the-organisation.org). More of these can be picked up on the day but they have to be entered at the Admin Centre at least one hour before the competition.

If you haven't entered a team for the **Tug o War** yet. Why not? Rumour has it that one of the magazines is bringing a team along to take on the Car Clubs. There's even a rumour that the gate staff at JAE may be putting in an appearance.

The latest on the event front is that we will be laying on even more activities than last year:

- Tug o War starting Sunday late morning
- Flame off on Saturday afternoon
- Show n Shine on Saturday
  - 10am Mitsubishi
  - 11am Toyota & Lexus
  - 12:00 Honda
  - 1pm – ALL CLASSICS
  - 2pm Nissan
  - 3pm Mazda
  - 4pm Subaru
  - 5pm Suzuki
- Show n Shine finals on Sunday
- Saturday night disco
- Funfair all weekend
- Fireworks Saturday evening
- Drifting in the dedicated drift arena
- Kiddies disco on Saturday afternoon
- 5 smaller trade areas, not one large one
- Food stalls around the showground rather than in one place

On top of all that, we will have a full colour **Show Guide** telling you all about what is going on, where and when. Make sure your club is listed. Please send us a description of your club (no more than 50 words) and we will put it in. Closing date for this is **30 June 2006**.

If you have any questions, please let me know:
